Attached is an amended **911 Authority Next Generation 911 (NG911) Valid Request Form** for Utah Communications Authority, State of Utah. This submission is amended to clarify all OSPs that provide service within the jurisdiction of the State of Utah are included in the original request.

Our original submission indicated '**All OSPs**' in section 5 of the form. A list of specific OSPs was also included and was not complete in its listing of All OSPs within the State of Utah. The list of specific OSPs has been deleted to clarify that all OSPs are included. It is our expectation that the relevant timeline for complying with the Phase 1 requirements will be triggered for '**All OSPs**' as of the original posting date of November 21, 2025.

Please contact me with any questions or concerns.

Regards,

Melanie Crittenden
911 Division Director
