**Re: Notice of *Ex Parte* Meeting in PS Docket Nos. 21-479, 25-143**

Dear Ms. Dortch:

Pursuant to Section 1.1206 of the rules of the Federal Communications Commission (Commission),<sup>1</sup> Intrado Life & Safety, Inc. (Intrado) submits this letter summarizing an *ex parte* presentation in the above-referenced dockets.

On May 15, 2026, Intrado representatives Brian Davenport, Chief Strategy Officer, Lauren Kravetz, Vice President Government Affairs, and Sean Wards, Vice President Deputy General Counsel Technology, met with the staff of the Public Safety and Homeland Security Bureau listed on the cc distribution list of this letter. Intrado discussed our May 11, 2026, reply comments in response to the Massachusetts State 911 Department Request of April 4, 2025.

Intrado also discussed with the staff the need for 9-1-1 authorities and their Next Generation 9-1-1 (NG9-1-1) Core Service Provider (NG9-1-1CSP) vendors to ensure readiness in advance of submitting a request for NG9-1-1 service under the Commission's NG9-1-1 Transition Order. To that end, we suggested that 9-1-1 authorities and their NG9-1-1CSP vendor should develop a checklist to ensure that OSPs and their vendors understand the capabilities and requested configurations at the beginning of the deployment process rather than midway through the process. Intrado agreed to develop such a checklist to share with the Bureau.

Sincerely,

/s/ Lauren Kravetz
